## Dream~Believe~Achieve

Term 2 Week 10

1st July, 2019

Thank you Michelle for being our Birdlife Guide around Panboola Wetlands.

### Principals Report

A busy couple of weeks to end a busy term! Congratulations to all students participating in our final gymnastics session at Eden Area Gymnastics last Thursday and also to those students who participated in our Small Schools Athletic Carnival at Wolumla. It was fantastic to hear about, and watch students put in the effort to do their very best and achieve some great personal results. There were some awesome performances! It was also fabulous to watch the younger students having so much fun playing and engaging with the younger students from other schools. Great days for everyone involved!

#### End of Term Assembly

This week we will be holding an end of term whole school assembly on Wednesday afternoon from 2:00pm. This assembly will be a celebration of student achievements this term. It will feature a play related to our history unit that the 3-6 students have been working on with Mrs Reeves and musical items that students have been learning with Ms Rogers. Family and friends are invited to come along and join us for what is, not only is a celebration of student learning, but some great afternoon entertainment!

#### Semester One Reports and Interviews

Our reports for the first semester are now completed and are being sent home with your child/children today. With your student's report is a letter inviting you to participate in a 3 way interview with your children and your teacher, to be held in Week 2 next term. Please tick the two times that are most suitable for this 10 minute interview and we will endeavour to accommodate everyone at one of the times you have selected. We encourage all parents to participate in this interview as a way of engaging with your child's learning, and hearing from your child about their learning. I look forward to meeting with you next term.

#### NAIDOC Week Celebration Day

NAIDOC Week is celebrated nationally from the 7th—14th July. To acknowledge this we will holding a NAIDOC Celebration day on Friday 5th July, the last day of Term 2. We will enjoy a variety of activities held both inside and outside the classroom. Activities will include Dreamtime stories, learning about bush tucker, cooking Johnny cakes, Aboriginal Art and traditional Aboriginal games.

### SeeSaw

Commencing next term we will be using the App SeeSaw to share student work and class activities with families.

"Seesaw" app is described as a student-driven digital portfolio. **Seesaw** empowers students of any age to create, reflect, collaborate and share. It allows for family members to use the **Seesaw** app to keep up to date with their child's learning, and easily communicate between school and home."

Invites and details on how to access this App will be sent home Week 1, Term 3.

### Enrolments for 2020

With planning underway for next term we are interested in contacting parents regarding enrolments for next year. If you have a child ready for Kinder, or know of a family new to the area, please ask them to contact Alan at School for more information.

### Eden Marine High School Open School

Parents and students are invited to attend EMHS Open School tomorrow, 2nd July between 4:00-5:00pm. All welcome.

### Earn and Learn

The time to collect stickers is over. The time to 'stick 'em and count 'em has just begun. If you have some free time—we already have a large number of stickers that need to be attached to sticker sheets. After all our stickers have been tallied, we can put together a wish-list of resources we would like to redeem for our stickers. Thank you everyone for your support.

### Changes to Enrolment Policy

Changes introduced by the Department of Education last week has stated that schools that are near capacity will no longer be able to accept out of area enrolments. Out of area enrolments by schools not near capacity may be accepted after discussion between school principals.

### Stage 3 Excursion to Canberra.

An Expressions of Interest went home last week for Students in Years 5 & 6 to attend the Combined Small Schools Canberra Excursion. Contact Alan in the Office if you need another copy or if you have any questions.

### SAKG Program

Every student looks forward to the activities encouraged by the Stephanie Alexander program. If you would like to join us in coming weeks please let us know. We meet every second Thursday from 12:00 till 1:30pm.

### Winter Woolies Craft in the Library

On these cold days, some of the students have been occupying themselves in the Library at lunchtime. They have been making colourful 'Pom-poms' and 'God's Eyes'. Look at the beautiful creations made from left over bits of wool.

**Library** continues with Jo, while Tracy enjoys a well earned holiday! Library day is Tuesday for K-2 and Wednesday Y3-6 this year. Children are able to borrow books during the last session of the day.

*Was that a Red-headed Gang-gang Cockatoo?*

Thank You, Heather Bell—Relieving Principal

**Class K-1-2 News**

It's great to see our grass heads continuing to grow, and students are amazed at the improvement every day. Students will be able to bring their grass head home at the end of term.

I am so proud of everyone's effort in the first half of the year, everyone has achieved some personal improvements. During the first few weeks of Term 3, our class will continue to focus on different spelling sounds each week. In Writing, we will be working on persuasive pieces. In Maths, we will be learning about whole numbers and continuing to practice counting forwards and backwards.

Mr Reeve.

On Thursday we went to Gymnastics. We went for lunch. Then we went to Panboola. We did get books. We had the books. We had books for the birds. Then we had recess. Then we came on the bus. We went to school again. By Chaise

**Class 3-6 News**

Last Wednesday we went to Bournda Environmental Education Centre to learn about the earth and pollution for a Waste Management day.

We first studied about waste on the ipads. Then we played to get to know everyone's names of children from the other schools. After that we played some more games that were about waste.

At recess we played a sorting game where we had to sort our rubbish into the right bins.

Our favourite game was the Penguin game where you had to feed the right food to the baby penguins to keep them alive and not feed them pollution.

We went to lunch and then after lunch we made animations using clay to make things, small toys, cut outs and rubbish to teach others about how to look after our environment.

After we finished the animations, we went for a walk down to the lake and the enormous, old oak tree. This was the end of our day and we had an absolutely awesome day!

Shenae, Natalia, Emma, Eva
